**INTERNATIONAL JOURNAL OF ELECTRICAL ENGINEERING,
MATHEMATICS AND COMPUTER SCIENCE**

VOLUME. 1 NUMBER. 2 JUNE 2024

FOCUS AND SCOPE OF THE JOURNAL

International Journal of Electrical Engineering, Mathematics and Computer Science with E-ISSN.: 3048-1945 .: P-ISSN.: 3048-1910 published by the *Asosiasi Riset Teknik Elektro dan Informatika Indonesia*. This Journal accepts manuscripts based on empirical research, both quantitative and qualitative. The scope of the this Journal covers the fields of Electrical Engineering, Mathematics and Computer Science. This journal is a means of publication and a place to share research and development work in the field of technology. Articles published in this journal are addressed to the editor's office. Complete information for article loading and article writing instructions are available in each issue. Articles submitted will go through a selection process for bestari partners and/or editors. This journal is published 1 year 4 times (**March, June, September, December**)

International Journal of Electrical Engineering, Mathematics and Computer Science Articles published in the International Journal of Electrical Engineering, Mathematics and Computer Science include the results of original scientific research (priority), new (non-priority) scientific review articles, or comments or criticisms of articles in the International Journal of Electrical Engineering, Mathematics and Computer Science. The International Journal of Electrical Engineering, Mathematics and Computer Science ACCEPTS manuscripts or articles from various academics and researchers, both international and national.

Articles published in journals are articles that have gone through a review process by Mitra Bebestari (*peer-review*). **International Journal of Electrical Engineering, Mathematics and Computer Science** only accepts articles derived from original research results (priority priority), and new scientific review articles (non-priority). The decision to accept or not to accept scientific articles in this journal is the right of the Editorial Board based on the recommendations of the Reviewer Partners.

Reviewers provide an assessment of originality, clarity of presentation, contribution to the field/science. The journal publishes *research articles*, literature review/review articles, case reports and *concept/policy articles*, in all areas of the Journal of Community Partnerships accepts articles in English and. The articles to be published are original works and have never been published. Entry articles will be reviewed by both internal and external review teams. The International Journal of Electrical Engineering, Mathematics and Computer Science accepts articles in English and other languages.

The Editorial Board will strive to continue to improve the quality of journals so that it can become one of the most important references in the development of science. A big thank you to the Reviewers and members of the Editorial Board and all parties involved in the publication of this journal.

Greetings

Editor-in-Chief
